## "RISE OF THE OUTDOOR KITCHEN 2.0"

### **What?**

During these times of staying home, clients are finding ways to pass the time. What better way than to create an ultimate outdoor space and kitchen area. Join us as we discuss how to create an outdoor living space as a natural extension of your client's home.

1. Emergence of outdoor living in the last 3 years. (Past 8 months also due to COVID)
2. Outdoor kitchen types and classifications.
3. Basic design elements.
4. What's next what's on the horizon.

**Russ Greene**, with clients and customers now viewing the "outdoor room" as a natural extension of the home, Russ has designed, sold, and implemented hundreds of outdoor kitchens over the past ten years! I try to offer the client a unique consultation experience, using a CAD/animation hybrid outdoor living design software.
