## ***VIRTUAL MEETING*** **"Closet Design Beyond Measure"**

### **What?**

Walking through a Walk-In Closet Design: In this presentation — you're going to "walk through" the process of designing and selling a walk-in closet — because if you've already sold the bathroom renovation, why not do the easiest add-on ever and design the closet space?

- Attendees will gain basic principles when assessing a Walk-In Closet space.
- Understand the differences between working with closet components versus kitchen cabinets.
- Discuss budgeting options intelligently.

**Denise Butchko**, is a certified Master Storage Designer and author of two books on Closet Design. Denise will share the thought processes and action steps she uses to effectively design a simple walk-in closet space. She'll highlight the questions she asks and share information that establishes her expertise that allows her to gain the client's trust, so you can do the same. Incorporating closets into your business is the best add-on product EVER! It's fun and profitable and can be easy if you know what you're doing. Denise will teach you how.
